WHO IS RAMON?

A Graphic Designer, Animator, and Video Editor with 15 years of hands-on experience in branding, visual communication, and multimedia production. I hold an Associate of Science degree in Multimedia and am based in Fontana, California.

WHAT I DO...

I specialize in helping businesses, organizations, and teams refine or reinvent their visual identity. Whether it's rebranding, developing digital assets, or producing motion graphics, I focus on understanding exactly what clients want—and just as importantly, what they don't.

CREATIVE & TECHNICAL EXPERTISE

I've spent over a decade working across both digital design and production environments, including:

Branding & Rebranding
Animation & Video Production (for TV and web)
Signage, Silk Screening & Vinyl Graphics
Client Communication & Project Management

I am proficient in the full Adobe Creative Suite, including:

Photoshop	After Effects
Illustrator	Audition
Animate	InCopy.
Premiere Pro	

I primarily work in Windows OS but am fully adaptable to Apple environments.

EXPERIENCE & BACKGROUND

I've owned and operated successful design and print businesses, gaining a deep understanding of both the creative process and client expectations. In 2020, I stepped away from my company to support family during the pandemic, and I'm now fully back in the field and open to new opportunities and collaborations.

WHAT I BRING...

I'm passionate about delivering high-quality work with efficiency, creativity, and professionalism. I thrive in fast-paced environments, manage multiple projects with ease, and pride myself on excellent client relationships.
